Quantum

Quantum captures the look and feel of a quilted fabric whilst providing the durability and care of a vinyl. Subtle detailed features include a faux stitch emboss around the diamond pattern to create a luxurious finish.

Quantum is UV resistant which enables the vinyl to withstand outdoor conditions. It is also treated with a Protech coating, a formulation which helps guard against stains and inhibits the growth of bacteria.

Perfect for use in hospitals, hotels and high traffic areas such as schools and restaurants.

Use	Heavy Commercial Upholstery / Healthcare / Marine
Composition	85% PVC, 15% Polyester
Width	137cm
Weight	100g per lineal metre
