Composition	85% PVC 15% Polyester
Width	137 cm
Roll size	30m approx.
Weight	1000g per lineal metre
Abrasion	50,000 Martindale
Light Fastness	6-7
Flammability	AS1530.3, AS3837

Colour Variations: All textiles are subject to some colour variation.
Fabric supplied to customer order will be within commercial tolerance.

CTA Performance Rating: Tests conducted by independent testing laboratories indicate that LINEA met or exceeded the performance guidelines for Healthcare Fabric use and Heavy Duty Commercial Use as determined by the CTA (Commercial Textile Association of Australia and New Zealand).

Fabric Care: Vacuum regularly. Liquid spills – simply wipe with a clean cloth. Solid or dried stains – remove the dry stain by scrapping off as much as you can. If stain is persistent use wet cleaning treatment. Wet Cleaning – make paste using mild detergent. Apply to stain. Leave for at least one minute then scrub the area with a clean nylon brush. After scrubbing, the area needs to be rinsed thoroughly using a sponge and clean water. Please note: bleach can be used in a 10:1 dilution and must be completely rinsed out.
