Use	Heavy Domestic Commercial Upholstery
Composition	72% Polyester 28% Cotton / Pile 100% Polyester
Width	140 cm
Roll size	25m approx.
Weight	999g per lineal metre
Light Fastness	5
Flammability	AS1530.3

Colour Variations: All textiles are subject to some colour variation.
Fabric supplied to customer order will be within commercial tolerance.

CTA Performance Rating: Tests conducted by independent testing laboratories indicate that DUKE met or exceeded the performance guidelines for Healthcare Fabric use and Heavy Duty Commercial Use as determined by the CTA (Commercial Textile Association of Australia and New Zealand).

Fabric Care: Protect from direct sunlight. If dust is allowed to accumulate in curtains it will shorten the life span. Regular vacuuming with the appropriate attachment will overcome this. Warm handwash. Do not bleach. Do not rub or wring. Drip dry in the shade. Warm iron. Dry cleanable. Curtains should be lined when subjected to strong sunshine. Lining improves the appearance and ensures longer life of the curtains.
