Landscape Collection

Influenced by the collaborative workplace, where modular furniture systems define collaborative open workspace environments, the Landscape Collection reflects the changing office landscape.

Created under the 'Inspiration with Freedom' theme, the Landscape Collection comprises three ranges – Balance, Contact and Synergy – that herald new textile design opportunities, giving designers ultimate freedom of expression through colour, pattern and textile creativity. The 're-imagined plaid' is a simple grey ground overlaid with a striking highlight of colour, co-ordinated with mélange plains, the Landscape Collection creates adaptable interior options.
