Sonus Etch

With a fibre felted finish and an appealing mélange effect, the Sonus range is the ideal accompaniment for a modern interior. An acoustically transparent fabric for use on panels, the lattice detail of Sonus Etch provides enhanced visual intrigue, whilst retaining the subtlety necessary to ensure it complements rather than conflicts with the interiors in which it is incorporated.

Application	Screen
Composition	SJR code: 72% Polyester, 18% Polyamide, 10% Viscose SJE code: 57% Polyester, 43% Polyamide
Width	170 cm roll width (155 cm usable pattern)
