Sumi

Taking its name from monochromatic Japanese ink painting, Sumi embodies simplicity of style with a functional, minimalist approach. Respecting the authenticity of natural materials and quality craftsmanship, the fabric is made from worsted woven wool using fine marl yarns. This creates subtle gradation in colour for heightened visual interest while retaining the purity of simple, clean lines. Cosy yet contemporary, the soft feel of this fabric invites a homely vibe into contract interiors whilst ensuring a luxurious finish with its tonal sophistication and appearance of luxury apparel.

Together with Kyoto, they form a delicate pairing, understated and refined – perfect for the “less is more” world we’re emerging into.

Application	Heavy Duty Commercial Upholstery
Composition	90% Wool, 10% Polyamide (NZ Wool content)
Width	138cm minimum
Abrasion Resistance	200,000 Martindale
Light Fastness	5
Weight	469gms per lineal metre
Flammability	AS1530.3, ISO5660, AS3837
Environmental	Certified to Indoor Advantage™ Gold
Cleaning	Vacuum regularly. Wipe with a damp cloth using soap and water or use proprietary upholstery shampoo. For deeper cleaning use steam or professionally dry clean.
